PROFESSIONAL SUMMARY

Software Development Engineer with **2 years of experience** building scalable, high-impact applications using **Java, Spring Boot, React.js, and MySQL**. Proven track record in designing and deploying payment integration systems, workflow automation, and real-time communication platforms that improved operational efficiency by **85%** and payment accuracy by **76%**. Strong foundation in object-oriented design, data structures, algorithms, and test-driven development. Seeking **Software Development Engineer** opportunities to build scalable, reliable, and high-performance software solutions.

EDUCATION

Christ University Bangalore

Master of Computer Applications, Computer Applications – 73%

Jul 2023 – May 2025

Kristu Jayanti Autonomous College

Bachelor of Computer Applications, Computer Applications – 83%

Aug 2020 – May 2023

WORK EXPERIENCE

Shoffr

Jan 2025 – Present

— *Software Development Engineer* (NextJS, TypeScript, MySQL, Spring Boot, Tailwind CSS, Redux, Thymleaf, Javascript)

- Designed backend logic for **trip prioritization**, reducing manual work by **75%** using **functional programming**.
- Integrated **Paytm Link, UPI and payment authentication APIs** for **payment orchestration**, cutting failures by **76%**.
- Built **self-service CRM workflow system** for business teams, cutting resolution time by **65%**.
- Built **flight-delay processing pipeline** with **distributed systems**, improving efficiency by **85%**.
- Engineered **real-time chat system** using **WebSockets** for reliable communication across ops, CX and drivers.
- Owned **Recurring Ride feature** enabling weekly bookings with upfront payment and automated trip creation.
- Launched **B2B partnership platform** for **managing merchants**, growing inquiries from **5 to 15 per month**.
- Implemented **reconciliation workflows** with automated validation, improving financial accuracy by **60%**.

ICIER

May 2024 – Aug 2024

— *Junior Software Development Intern* (MongoDB, ExpressJS, ReactJS, NodeJS, Tailwind CSS)

- Developed **MERN applications** with clean business logic and **RESTful APIs** for scalable performance.
- Designed **React.js interfaces** and **RESTful APIs** with authentication and error handling.
- Built event platform using **lazy loading and custom hooks** to improve performance and user experience.

PROJECTS

Unishare — MongoDB, ExpressJS, ReactJS, NodeJS, REST APIs, Socket.IO

Apr 2024

- Built resource-sharing platform backend for borrowing and lending items with clean business logic.
- Developed admin dashboard to manage users, listings and transactions with high availability.
- Implemented real-time messaging using **WebSockets and Socket.IO** for instant communication.
- Leveraged **Google Gemini API** for AI-powered assistance and query resolution.

Intervo — Java, Spring Boot, MongoDB, Flask, Python, REST APIs

Jul 2024

- Created interview automation platform for onboarding, scheduling and assessments.
- Developed Python scheduling engine to optimize interviewer allocation and improve performance.
- Automated candidate onboarding using CSV processing and email integration for faster onboarding.
- Implemented secure assessments with question randomization and proctoring for reliability.

SKILLS

Programming Languages: Java, JavaScript, TypeScript, Python, SQL, Functional Programming, Go, C, C++

Frameworks & Libraries: Spring Boot, React.js, Next.js, Node.js, Redux, Tailwind CSS, Flask, Thymeleaf

Databases & Cloud: MySQL, PostgreSQL, MongoDB, AWS EC2

Developer Tools & DevOps: Git, GitHub, Postman, Docker, Maven, Jenkins, CI/CD, VS Code, Linux/UNIX

Testing & APIs: REST APIs, API Integrations, Payment Integration, UPI, Authentication, JUnit, Mockito, WebSockets, TDD

Distributed Systems: Microservices, Distributed Systems, System Design, RabbitMQ, Framework Development, Reconciliation

Languages: English, Hindi, Malayalam, Marathi, Kannada, Tamil

ACHIEVEMENTS

- Achieved **1st Place** in Treasure Hunt Shells 2024 at Kristu Jayanti Autonomous College.
- Awarded **3rd Place** in Gyanith 2024 Hackathon at NIT Puducherry.
- Awarded **3rd Place** in Gyanith 2024 Code Hunt at NIT Puducherry.

CERTIFICATES

Java Foundation Course – Oracle Academy (2025)

AWS Academy Cloud Foundations – AWS Academy (2025)
